Sponsoring Swisstransfusion 2021

Dear Sir or Madam

On **2 and 3 September 2021**, the annual congress for transfusion medicine "Swisstransfusion" will take place at the Eventforum Bern. We would like to invite you to support the event as a sponsor and use it as a platform for the visibility of your company.

As every year, the congress is an important meeting place for decision makers and users in the field of stem cell transplantation, transfusion medicine, haemapheresis, haematology and the respective laboratory methods.

The congress takes place under the aegis of the Swiss Transfusion SRC Schweiz AG and the Swiss Association for Transfusion Medicine (SVTM). The President of the Congress is PD Dr. med. Stefano Fontana, Head of Medicine of the Interregional Blood Donation Center and the Regional Blood Donation Service Svizzera Italiana.

Main topics:

- At the beginning is the donor
- Cellular Therapies: "The era"
- Digitization in the supply chain

The first day is entirely dedicated to transfusion medicine and is aimed at all professional categories (academics and now also non-academics). There are general state-of-the-art lectures and various topic-related blocks (e.g. news on infectious diseases and patient blood management).

On the second day, two thematic blocks are planned: one part is occupation-specific (therapeutic haemapheresis, production; sales, Q-topics, logistics, etc.). Parallel to this, the scientific part (above-mentioned focal points, immunohaematology) will take place.

In addition, abstracts and poster sessions with short lectures at a high level for academics are planned.

Secure your stand at an early stage.

As in previous years, you will also have the opportunity to book an exhibition space in 2021. Details can be found in the appendix.

These optimal premises are ideal with 300m² of space on the ground floor. The Eventforum Berne offers our sponsors the opportunity to present their products in a pleasant atmosphere in the spacious hall on the ground floor. Catering will also take place in the same room, so that exhibitors will have the greatest possible visibility. Pictures and further information about the exhibition location can be found on the website of the Eventforum Bern:
